Dear Ann

this is to let you know that I did not find the
Lawyers from Belville so that I can give no advise but think
the witnesses had better be here by the third Morning and
I wish that Mr McIntons would be here and if he
would see Mr Thomisson and see that if he would be in
Kaskaskia as I now think I will go in with the trial
and would like to have him here if Mr West gets here
from the North he can get a horse to ride and leave
at Barkers and I will settle the Keeping, and you
must get a long as well as you can home till I get
back and if ^{Wm} ~~Wm~~ Wiley leaves any money send
it by Mr McInton or any of the rest and you will
Oblige me yours

William Blager

it is I think Thomison is the same McInton told me that said
Susan was older ^{than} he was he will know about it I do
not know but I was mistaken in the date of the register
of Jordan of Mr Mc^{Inton} ~~Intons~~ on today I will get a sumpence for be-
traying Mr Thomisson if he thinks necessary

As the river is high and without Mary Brackel has a good
way of coming with company that suits there she can
if she thinks best keep out of the way though I
think she would be a help in the case but I will
not advise except for her to stay at home or out of the
way
